Education
is . . .

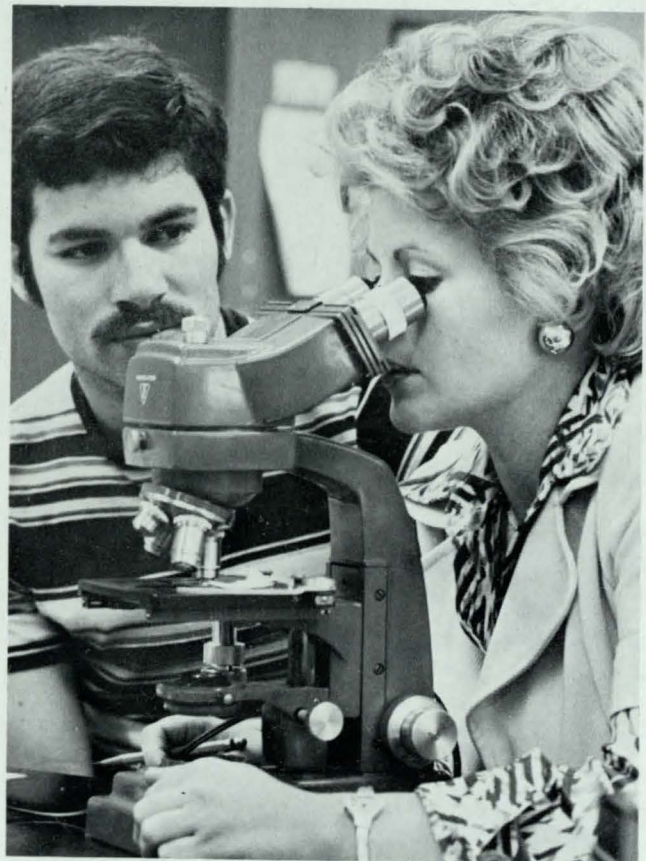

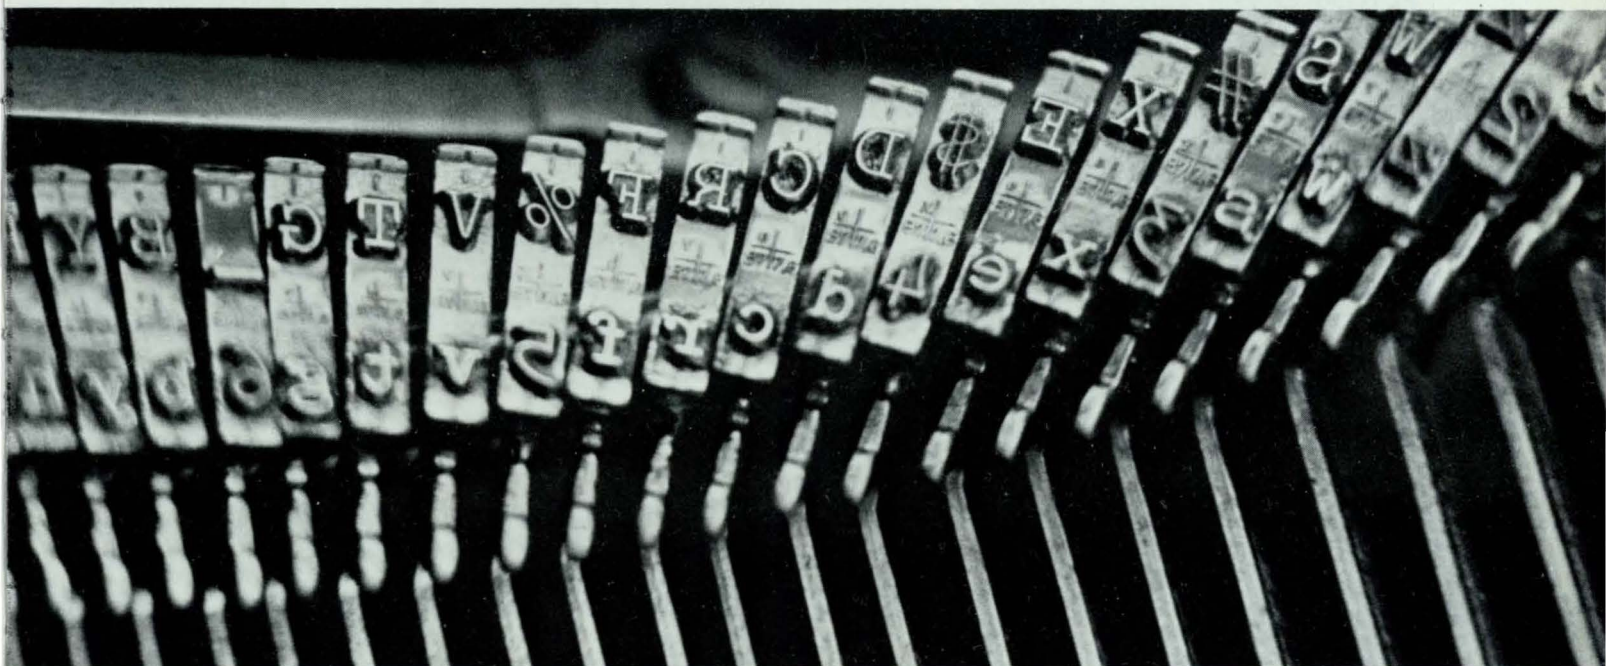

questioning, learning, changing, living . . . deciding on a major and changing it at least twice . . . finding out what CR/NC means . . . waiting in a long line to buy a book for Psychology 101 and finding out its not in (and won't be for three weeks) . . . enjoying a required class . . . lost batches in the computer room during the last week of classes . . . huge library fines for unopened books that have sat in the back seat of your car for two months . . . discovering "interesting" books while researching a management project . . . the all night cram . . . finding out who you are and where you are in the world . . . a syllabus the teacher fortunately forgets to follow . . . inflationary grades . . . attempting to transfer 124 units from FJC . . . forgetting to bring a blue book and scan-tron to your final exam . . .

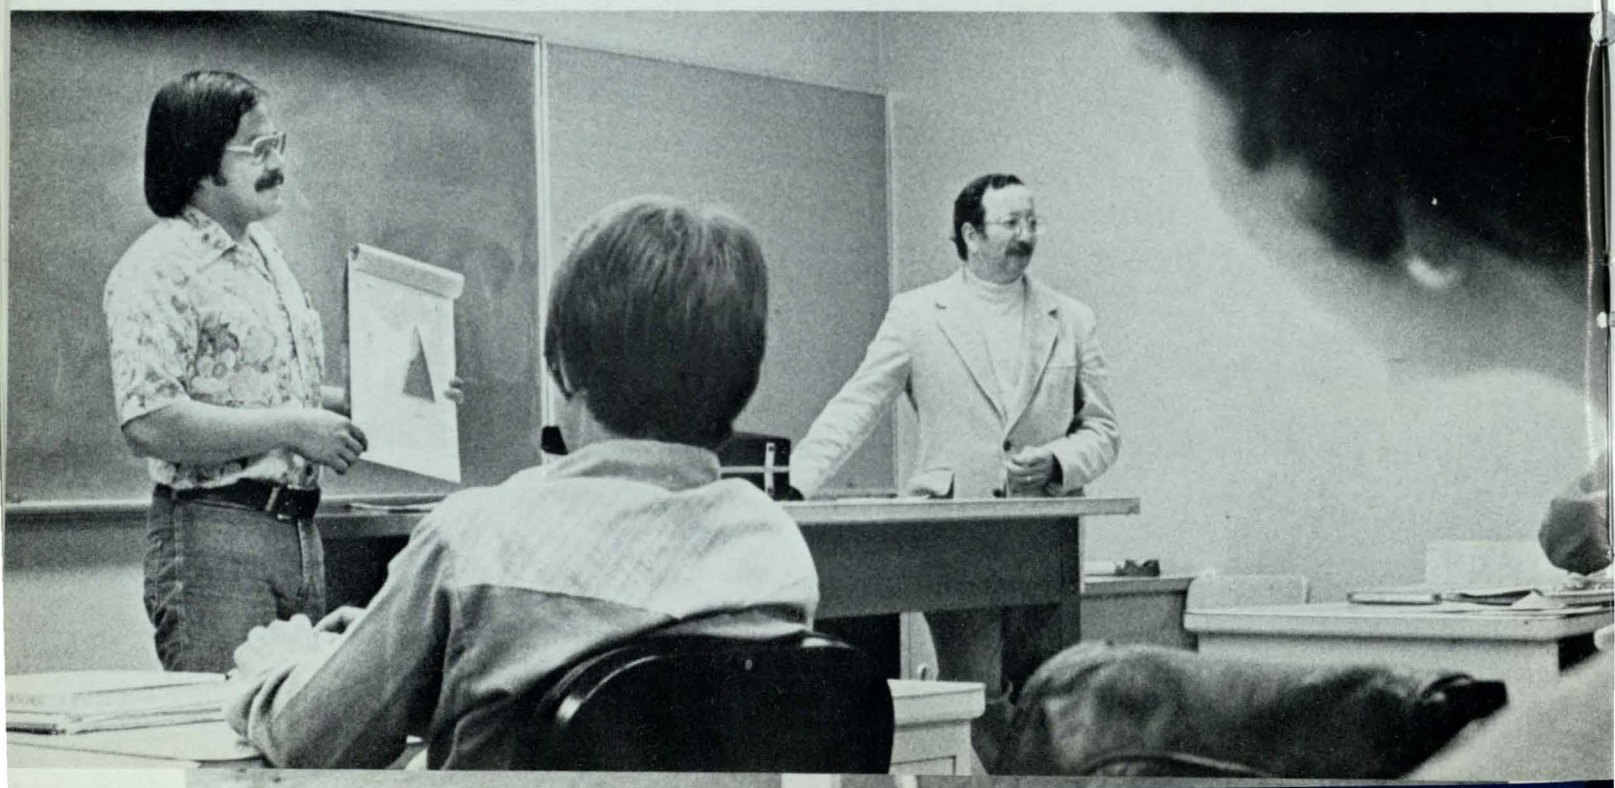

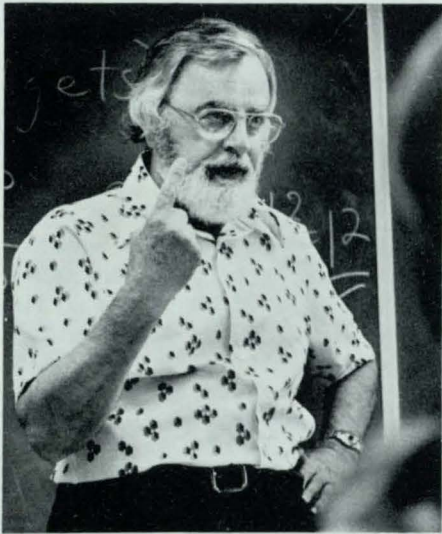

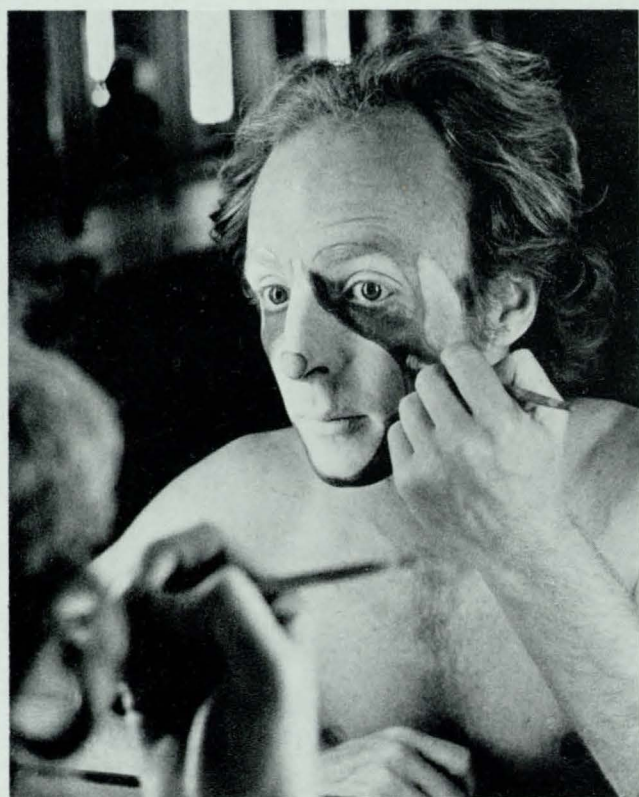

entering Fullerton as an "undeclared" major and finding out that there are no courses offered in that field . . . taking six years to complete the usual "four" . . . avoiding certain teachers . . . a cancelled class . . . ending up in a job that has nothing to do with your major . . . typing papers at 3:00 in the morning . . . having two units of GE waived to graduate . . . wishing you had taken Evelyn Woods' Reading Dynamics last summer . . . worrying about your GPA . . .

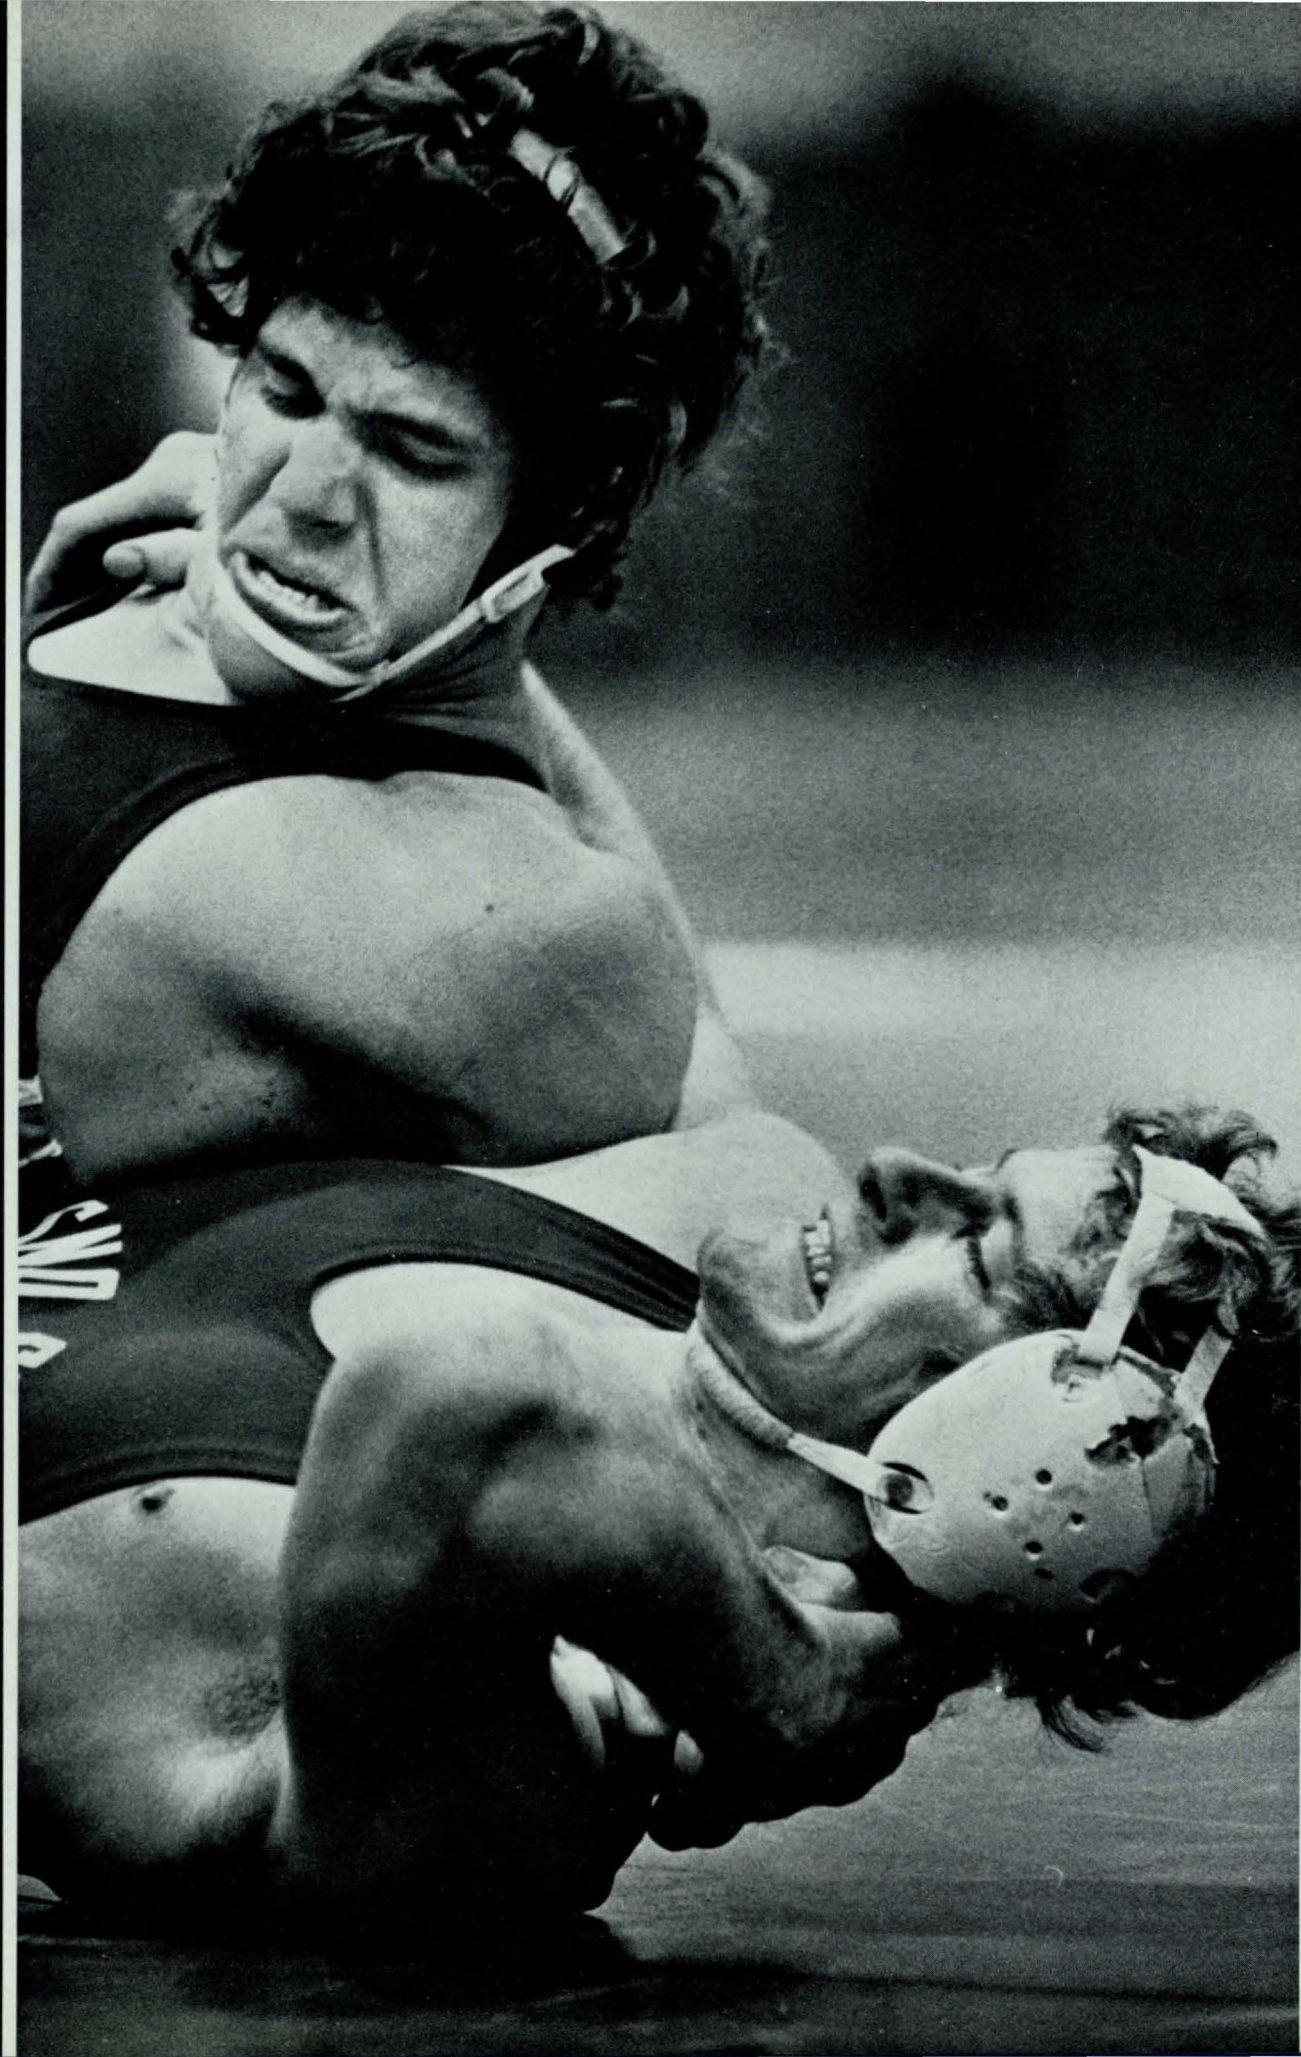

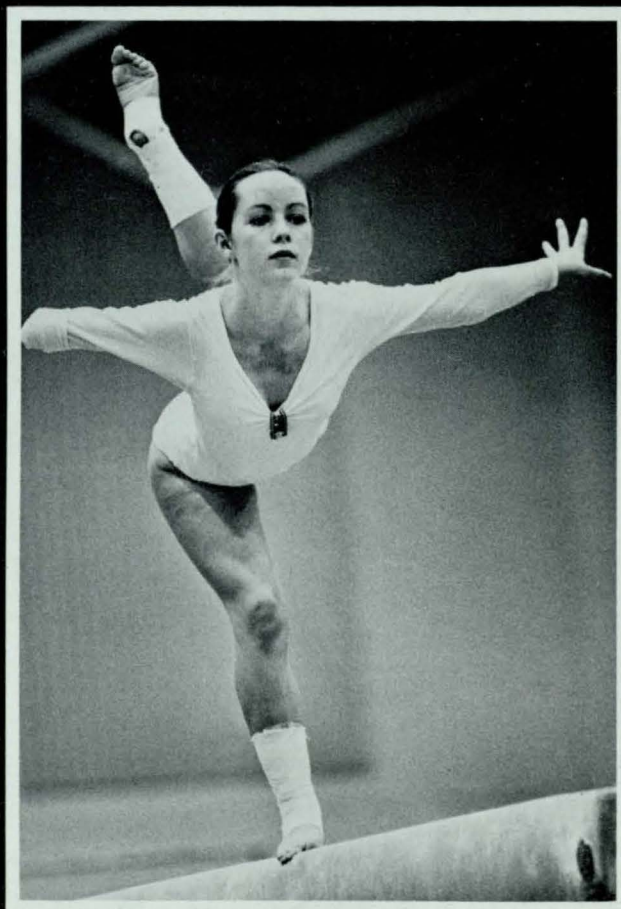

learning how to put on makeup . . . finding your part-time instructor's office . . . nodding over organic chemistry in the library . . . not writing a term paper in four years of college . . . sewing theatre costumes . . . knowing which excuse to use for which teacher . . . forgetting the last add/drop date . . . getting Theatre 288 to count as Art 288 . . . a bell-shaped curve . . . reading the wrong assignment . . . class schedules with a lot of faculty members named "Staff" . . . an all day — all night geology field trip to Laguna Beach . . .

 for both soccer and football . . . a baseball
 club which beat Pacific Eight powerhouse
 USC and won three consecutive con-
 ference championships . . . trips to Hawaii
 . . . turning on to the Titans . . .

defeating UCLA in women's basketball and capturing a fourth consecutive WIAW regional championship . . . honoring Billie Moore and Nancy Dunkle for their accomplishments in the Montreal Olympics . . . desire and dedication . . . the strength and beauty of men's and women's gymnastics . . . building University tradition . . . the men's and women's fencing teams winning the regionals . . . spiking a volleyball to victory . . . a national second place title for the women's gymnastics team . . .
